## NEW BUILDING

This week in Tankers, DSD Shipping have extended their series of 50,000 DWT MR Tankers at Hyundai Vinashin by declaring an option for two additional units. Set for delivery in 2020, the duo will be the 3rd and 4th vessels in the series.

Whilst there is nothing to report in other sectors, there are a couple in the Passenger / Cruise market. Fincantieri have announced an order for one 40,700 GT Cruise Ship by Silversea Cruises. Delivering in 2020, the vessel will be able to accommodate 596 passengers. VARD have won an order for one approx. 5,000 GT Cruise Ship from Coral

Expeditions for delivery in 1Q 2019. This single unit will be built at VARD's Vung Tau facility in Vietnam and will be able to carry 120 passengers.

## RECYCLING

Still positive!

With the Summer holidays now completed, many industry players feel that we will once again see a flurry of candidates and activity begin again, which is often associated in the last quarter of a year.

We have witnessed another week with more larger LDT units being negotiated and subsequently concluded at firm rates and with the current aggressive price levels on the table, the general feeling is that more units are expected to follow as Owners may try to capitalise on the current positive sentiment. Whether these improved rates are being backed up by the actual recyclers remains to be seen.

All in all, we are in the middle of a buoyant and stable market; however some cash speculators are now showing some caution believing the market is coming to an over-speculative position.
