

SNAPSHOT OF COMMERCIAL INDICATORS

Week 26 / 2020
(22 – 28 June)

"Belief creates the actual fact."

William James, American philosopher and psychologist. (1842 – 1910)

Introductory Note:

We consider the herein indicators valuable in decision making since shipping is a derived demand industry with many financial interactions. Turbulent global macro/micro-climate involving stock markets, currency exchanges and opportunity cost for alternative investments affect the shipping market. In the previous years, as brokers we always faced the fact that the information that we wanted to combine with our gut feeling was never available at our finger tips. This is our small contribution to yours and ours business.
