

SNAPSHOT OF COMMERCIAL INDICATORS

Week 48 / 2023

(Reference point 30th November.2023)

“We are like islands in the sea, separate on the surface but connected on the deep.”

William James, American philosopher, psychologist, and the first educator to offer a psychology course in the United States
(1842 - 1910)

Introductory Note:

We consider the herein indicators valuable in decision making since shipping is a derived demand industry with many financial interactions. Turbulent global macro/micro-climate involving stock markets, currency exchanges and opportunity cost for alternative investments affect the shipping market. In the previous years, as brokers we always faced the fact that the information that we wanted to combine with our gut feeling was never available at our finger tips.

This is our small contribution to yours and our business.
