

# SNAPSHOT OF COMMERCIAL INDICATORS

## Week 06/ 2026

(Reference point 5 February.2026)

**“The real destroyer of the liberties of the people is he who spreads among them bounties, donations and benefits.”**

**“Plutarch”** Historian of the 1st century BC

Introductory Note:

We consider the herein indicators valuable in decision making since shipping is a derived demand industry with many financial interactions. Turbulent global macro/micro-climate involving stock markets, currency exchanges and opportunity cost for alternative investments affect the shipping market. In the previous years, as brokers we always faced the fact that the information that we wanted to combine with our gut feeling was never available at our finger tips.

This is our small contribution to yours and our business.
